

Varendra University

Department of Computer Science and Engineering
1st Semester (2nd Batch) Class Test 2 (Summer-2018)
Course Code: CSE 111
Course Title: Computer Fundamental

Time: 50 minutes

Marks: 10

-
- | | |
|---|---|
| 1. Define Algorithm. | 1 |
| 2. Write an algorithm to find the smallest among three different numbers entered by user. | 4 |
| 3. Write the qualities of a good algorithm. | 3 |
| 4. What are the differences between real code and pseudo code? | 2 |
